NEW BOARD OF EDUCATION

The new Board of Education, which will hold the destiny of the Barbourville Graded and High Schools in its hands for the next few years, was officially inducted into the office on Monday night by Supt. E. B. Hemphill, following the formal handing over of the records by F. W. Golden, retiring secretary. As Mr. Golden read the minutes of the past few meetings, Dr. W. C. Black, retiring chairman, explained various items for the benefit of the incoming board.

Supt. Hemphill was in a happy vein and his short talk on co-operation brought forth applause mixed with laughter.

Officers elected were:—Robert W. Cole, Chairman; J. Frank Hawn, Secretary. The new members chose their terms of office by lot and the result was as follows:—Robert W. Cole, C. A. Steele, W. G. Riley, to serve two years. Judge W. R. Lay, E. E. Evans and J. Frank Hawn to serve four years. At the end of two years an election will be held to fill the vacancies of those who serve the shorter term.

Short talks were made by Prof. W. H. Buck, W. C. Black, Robert W. Cole and Judge W. R. Lay, stressing the importance of placing the welfare of the children above every consideration.

The new members then adjourned and named the teachers of the school and provided a delicious lunch at which Mrs. W. H. Buck, who finished musician, played selections and Miss Celia Carr sang two songs, all of which received hearty applause. Short talks by the new members of the board terminated one of the pleasant affairs in the annals of the school.

CARD OF THANKS

We wish to express our thanks to our friends and neighbors for their kindness and sympathy shown us during the sickness and death of our loved one, Mrs. G. W. Hammons.

THE FAMILY.

RESOLUTIONS OF RESPECT

In memory of Brother Smith P. Vaughn who died January 3 1921. Once again a brother Mason, having completed the designs written for him on life's tressle board, has passed thru the portals of Eternity and entered the Grand Lodge of the New Jerusalem and hath received his reward, the white stone with the new name written thereon.

And Whereas, The all-wise and merciful Master of the universe has called from labor to refreshments our beloved and respected brother,

And Whereas, He having been a true and faithful brother of our beloved Order, therefore be it

Resolved, That Mountain Lodge No. 187 F. & A. M. Barbourville, Ky., in testimony of her loss, be draped in mourning for thirty days and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

ANNOUNCES FOR JAILER

Squire J. D. Martin of Bimble, Knox County, announces his intention to run for the office of jailer in the August primaries. Squire Martin has many friends in the County who will actively back his candidacy for this important office. He will give all a square deal in matters pertaining to the office and will appreciate the support of his friends, verbally and at the polls.

LOGAN SANITARIUM NEWS

Wednesday of last week Dr. Leslie Logan and Dr. F. R. Burton amputated in the case of Chas. Tuggle who lost two fingers while unloading oil on the C. & M. R. R.

James Bullock Wednesday of last week joined the Order of the Non-Appendix, being initiated therein by Drs. J. G. Tye and Leslie Logan. He ate breakfast at home Tuesday of this week.

C. M. Powers, who some weeks ago received a crushed ankle and burned leg, was operated on for the removal of the leg above the ankle. Wednesday of last week, the bone being so badly crushed it would not knit. Mr. Powers is doing nicely at present. Drs. J. G. Tye and Leslie Logan operated.

The existence of the Logan Sanitarium in Barbourville is a distinct asset as it enables people of this section to save much expense when in need of treatment.

RED CROSS REPORTS

Reports from 172 out of 325 working chapters of the American Red Cross in Lake Division, which embraces Ohio, Indiana, and Kentucky, give a membership of close to 600,000 in the Fourth Roll Call.

Of the chapters which have thus far reported to Lake Division Roll Call headquarters, only 24 have made final returns. Many of the chapters from which preliminary reports have been received are still enrolling members while the Roll Call is yet to be launched by a large number of the 153 chapters not yet heard from.

The chapters outside the metropolitan areas have made the largest comparative increases. A considerable number of chapters which did not enroll a single member in the Roll Call last year have brought in thousands during the Fourth Roll Call.

In Kentucky, Breckenridge County Chapter has made a return of 200 members in this Roll Call, last year reporting 22. Casey County, Ky., obtained 37 members last year, 1,000 this year, and Johnson County 9 last year with 132 this year.

MRS. CHAS. LYONS ENTERTAINS

Mrs. Charles Lyons entertained at her home on Ravenwood Road in honor of her guests, Mrs. W. M. Archer, of Williamsburg, Ky., Miss Florence Jones, of Sweetwater, Tenn., Miss Virginia Pate, of Stanford, Ky., and Miss Mary McDermott, of Barbourville, Ky. A very enjoyable evening was spent by about twenty guests.

ROOSEVELT PORTRAIT FREE FOR SCHOOLS

Judge F. D. Sampson of the Kentucky Court of Appeals, Frankfort, Ky., has arranged for every school room in Kentucky to have a life size portrait of Theodore Roosevelt free.

On the portrait is printed the last message of Colonel Roosevelt on Americanism sent the night before he died, January 5th, 1919, thru the American Defense Society, of which Judge Sampson is a member. Colonel Roosevelt said: "There can be no divided allegiance in America, a man who comes to this country and becomes a citizen in fact, should be treated on equality with all other citizens. But a man who pretends to be an American and also tries to be something else should not be allowed to remain in this country."

Judge Sampson requests all teachers and Superintendents of schools to co-operate with him in interesting the school children in this work of Americanism. Every school room in the State may have a Roosevelt portrait size 20 x 24 inches free if the school children or parents in the school district will have the portrait framed. One condition is that when the portrait is framed it shall be hung with appropriate ceremonies in which the children should take a part. It would be well if the parents would also take part in the ceremonies when the portrait is hung.

State Superintendent of Public Instruction George Colvin heartily approves of this plan and requests that all teachers in Kentucky write to their respective County Superintendents stating the number of Roosevelt pictures which they will undertake to have properly framed and hung. The American Defense Society furnishes the pictures free. County Superintendents are requested to write to Robert Appleton, former Treasurer, American Defense Society, 116 East 34th St., New York City, stating the number of portraits necessary to supply the schools in the County. There will be no expense in any way for these wonderful life size portraits, done by a famous artist.

DANCE TO VISITORS

One of the most brilliant social events of the year was a dance given last night at the residence of Mr. and Mrs. G. S. Lyons on Lynnwood Road, which was given by Messrs. Charles and William Lyons in honor of Miss Florence Jones, of Sweetwater, Tenn., Miss Mary McDermott, of Barbourville, Ky., and Miss Francis Tate, of Stanford.

During the evening a delicious salad luncheon was served, covers being laid for about thirty-five around a prettily decorated table and a bountiful menu was served.

IN MEMORY OF NICIE JORDAN

It is with deep regret and a sorrowful heart that I attempt to pen this obituary on the life of my friend Niece Jordan, who departed this life December 29th, 1920, at her home, Hammond, Ky.

Mrs. Jordan leaves many relatives and friends to mourn their loss. She was converted to the Baptist Church at an early age and remained a member of that body until her death.

Mrs. Jordan, like all other persons had her human weaknesses but down in her heart dwelt the true womanhood which made her what she was and when overtaken in a fault she was ready and willing to acknowledge and make amends to the extent of her ability.

At the close of the funeral exercises she was laid to rest in the family cemetery beside her many friends. There her body was committed to the tomb, her soul to the God who gave it, to await the resurrection call "Come up higher."

PROF. C. E. AHLER

Receives A Splendid Christmas Present

Prof. C. E. Ahler is a happy man as the result of the generous spirit of Messrs. Charley Owens, Baston Wyrick and Virgil Metcalf, all members of Union College Orchestra.

On Friday morning at chapel service, Dr. E. T. Franklin, wearing his well known smile, made a speech of presentation, at the end of which Dean Ryder stepped into another room and brought forth a saxophone case, which, on being opened, proved to contain a Buescher saxophone, gold plated and beautifully engraved. This was presented to Prof. Ahler as a Christmas gift from the gentlemen above named. It is the best instrument of its kind obtainable, but what makes it most valuable to the proud recipient, is the spirit of brotherly affection which prompted the gift.

AFTERNOON TEA

The attractive home of Mrs. L. L. Richardson on College Avenue was the scene of a pleasant gathering on Monday afternoon when about twenty ladies partook of the hospitality extended by the charming hostess. Fruit salad, wafers and hot chocolate were served by the three daughters of the house, Misses Catherine, Jean and Mary.

FOR SALE—About 4 miles of 2 inch Black Pipe with long collars. Will sell entire lot or in small quantities. R. H. NEWITT. 6-5t

WATCH PARTY

Mrs. Miles Yont entertained on New Year's Eve at her beautiful new home on Knox Street with a watch party in honor of her brother-in-law, Mr. Joe Yont, of Akron, O., who was her guest during the holidays, and the neighborhood girls—about thirty guests were present. Music, games and contests afforded them much fun during the evening. Every one had a good time and all were sorry to hear the whistles begin to blow at 12 midnight, ushering in 1921.

After extending greetings for the New Year, they bade their host and hostess goodnight.

A salad course with hot chocolate was served.

RILEY-HAUN

Mr. Goebel Haun, one of the rising young educators of Knox County and son of Mr. James Haun, and Miss Betty Riley, daughter of Mr. W. G. Riley of Pine Street, were married Monday morning by Rev. John C. Lewis. Their many friends will wish them every happiness in their new estate.

BROWN-BLACK

The marriage of Dr. W. C. Black coal operator of Barbourville and one of our best known citizens, and Miss Hattie Brown, of Louisville, Ky. daughter of the late Judge W. L. Brown, of London, Ky., once Circuit Judge of this Judicial District.

Mrs. Black has taught school in Louisville and Denver, Colorado, receiving her education at Ohio Wesleyan and Boston Conservatory of Music.

Their many friends will wish them every happiness in their married life.

HAMMONS-CARTY

Mr. Frank Carty, of Jarvis Store, and Miss Flora Hammons, of Girdler, were quietly married at the home of W. N. Epperson Sunday evening in the presence of a few friends and relatives. The bride is the daughter of Jeff Hammons, one of Knox County's successful teachers and a beautiful and charming young lady. The groom is the son of W. M. Carty, a prosperous farmer.

After the wedding ceremony a delicious repast was served. Monday morning at 3 a. m. the neighbors pulled off a chivari.

We wish the young couple a long and happy life. Contributed.

DAVENPORT

William A. Davenport, the five weeks old child of Mr. and Mrs. T. J. Davenport, died Jan. 2nd, of pneumonia.

BROGANS

Mrs. Sarah Brogans, mother of Tom Brogans, died Monday morning at 5 o'clock, aged 85 years, 9 months and 16 days. The funeral was held at Rose Hill, Va. Deceased was a member of the Baptist Church for seventy-two years.

BALDWIN

Marie I. Baldwin, the three year old daughter of Prof. and Mrs. N. Baldwin, died at 2 o'clock Saturday afternoon from diphtheria. The funeral was held Monday morning at 10:30 o'clock in the City Cemetery. The sympathy of the whole community will be with Prof. and Mrs. Baldwin in this wrench to their heart strings.

WYATT

Mrs. Betty Wyatt, widow of Robert Wyatt, departed this life at the home of her daughter, Mrs. Lang Holt, on Manchester St., Wednesday, January 5th, following an illness of some duration. Mr. Wyatt, her husband died November 9th. Several children survive.

The funeral was held at the Mayhew graveyard Thursday.

HAMMONS

The death of Mrs. George W. Hammons occurred December 31st. Deceased was a woman of strong, christian convictions, a member of the Baptist Church, a good wife and mother. She leaves a husband, seven children and many other relatives. She was a daughter of Lawrence and Mary Calles and was 38 years of age at her death.

The remains were laid to rest in the Jones graveyard, Rev. J. C. Warren conducting the burial service.

Blessed are the dead who die in the Lord. A FRIEND.

VAUGHN

The death of Mr. S. P. Vaughn, of Corbin, Ky., took place Monday January 3rd, 1921, aged 74 years, 11 months and 21 days, following an illness of one year.

Deceased was born in Knox County where he farmed just across from Richland Creek on the Ballinger place. He was the oldest of six boys of a family of twelve six of whom are still living.

He married Miss Mary Jane Jackson, who died several years ago. Four children were born of the marriage, three of whom, Mrs. W. R. Mounce, of Williamsburg, Lonnie and Volley Vaughn, of Corbin, survive.

The four brothers living are A. C. Vaughn, of Barbourville; W. R. Vaughn, of King; J. M. Vaughn, of Middlesboro; T. H. Vaughn, of Corbin.

Mr. Vaughn was a member of the Christian Church and was one of the oldest members of Mountain Lodge No. 87 F. and A. M.

The funeral service was held from the Christian Church, Tuesday, Jan. 4th, at 10:30 a. m. and interment at the City Cemetery the brothers of the Masonic Lodge taking charge of the service. A large number of friends were present at the ceremony.

Desperation.

The First Thing

We earnestly desire to call your attention to the series of talks on banks and banking that will appear in this space regularly from now on.

They are not austere statistics, learned theories nor complicated problems for "high brows," but just plain, honest, truthful, helpful talks to plain folks, talks that are worth while. They are written out of the ordinary stilted style, for a purpose, yet they are not flippant, foolish or frivolous, for each one carries a message. Watch this space regularly every week.

THE ANTI-TOBACCO CRUSADE

Having relegated John Barleycorn to the scrap heap, at least as a partner of the United States government, some of the workers against John are now turning their attention to Lady Nicotine, which they urge should be burned with fire, but not thru the mouth.

Our Lady Nicotine travels in distinguished company the world over. She gives her solace to high, low, rich and poor. With some she will not travel, but the majority find in her a soothing friend.

Many a cross grained fellow has been converted into a semi-demi angel thru the humanizing influence of the weed. We shudder over the prospect of a world deprived of its smoke. How can a man, watching the eddying smoke from his pipe and dreaming dreams of whatsoever, let anger sway him. When a fellow is about to commit a crime, does he pull forth a smoke and get busy? Nay, nay, he sternly puts Lady Nicotine aside and makes trouble.

Have we not seen men wearing faces like door knockers radiate human kindness because of the chew in the cheek. (Personally we have not the stomach for it.)

Lady Nicotine has her faults, but who has not? It is probable that the dreams she has given men have made for many inventions, great characters in literature and wonderful paintings.

Unlike John Barleycorn she does not destroy the happiness of homes. She is an expensive mistress, but so is the chewing gum habit, (another nerve smother) the soda fountain habit and numbers of others to which humanity is prone.

We cannot cement humanity into a square box and expect it to make progress. Men resent too much law and the tendency is to seek to accomplish by law what should be done by the world's teaching element. There is so much evil in the world that is overlooked, so many laws that are put into contempt, merely because many reformers who make reforming a business, seek the spectacular, rather than the enforcement of present laws. As a consequence there is a tremendous amount of contempt of courts that is not reached by a fine, since it exists merely in the minds of the people on account of the carelessness of courts in dealing with misdemeanors.

In our opinion, it is time to shelve crusades and set the judicial house in order the country over.

No wonder crime is rampant and the courts of the land too often are made a laughing stock. The machinery of justice has become too much a thing of the mouth rather than of conscience.

We suggest that professional reformers take a hand in bringing about a pure and strict justice in the matter of present laws. It will keep them busy quite a while.

DOG CAUSED A SMALL WAR

Peculiar Feud Between Egyptian Villagers Is Declared to Have Lasted 150 Years.

From Egypt, by way of the European press, comes news of the ending of a remarkable court case at Cairo. It originated in the vendetta, not between families, but between two whole villages, Hamadat and Ashraf, near Keneh, Upper Egypt, northeast of the ruins of Thebes.

One hundred and fifty years ago a dog from the village of Hamadat bit an Ashraf man, who died. A quarrel followed between his relatives and the owner of the Hamadat dog, which developed till all the inhabitants of Ashraf considered that all persons of Hamadat blood were guilty of the death. The hatred of one village for the other became hereditary, and assassination was common between them whenever the conditions of the country favored disorder.

Last spring Ashraf attacked Hamadat in force. A score of Hamadats were killed, 120 houses were burned and all movables, such as cattle and harvests, were carried off.

Hamadat remembered the dog and bit back, killing 16 of the assailants. These slayers have just been tried. It accused being brought into court and one lawyer assigned to every five persons for the defense. Twenty-one received sentence of ten years' penal servitude.

It is noteworthy that the vendetta did not include women, who during the 150 years had indulged only in verbal warfare.

HAIRPIN TO MEND UMBRELLA

Valuable When It Is Not Convenient to Replace a Rib That Has Been Broken.

As most umbrellas are incapacitated by ribs rusting and breaking off at the point of attachment, the best repair is made by replacing the broken ribs with new ones. However, satisfac-

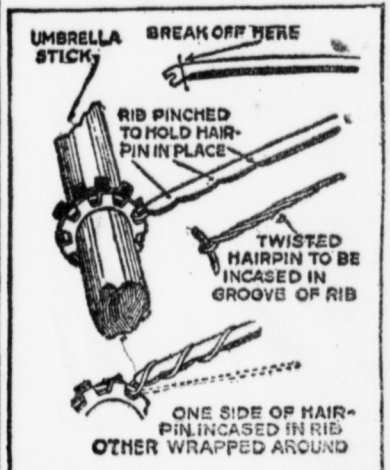

Diagram of Method of Using a Hairpin to Mend an Umbrella.

tory repairs can be made by using hairpins, says Popular Mechanics Magazine.

The broken end of the steel rib is broken off, just back of the eye, and the groove in the rib is opened out at the end. A hairpin is passed around the wire which holds the ribs in place, and twisted as shown. The twisted hairpin is inserted in the groove of the umbrella rib, and the walls of the rib are then pinched or hammered down tightly, to hold the hairpin in position.

In case the groove of the umbrella rib is too shallow to hold the twisted hairpin, only one side of the hairpin is incased in the groove, the other half being wrapped around the outside of the rib, as shown in the drawing.

Toy Telephones That "Work."

An interesting development in telephony is a new three-wire wall set which operates on two ordinary dry cells. The telephone itself is built for the use and pleasure of youngsters. The installation is very simple, as the telephone fasten to the walls with two screws, and there is nothing more technical for the boy to do than to follow simple instructions in connecting the wire with the posts on each telephone box. The set will operate up to 1,000 feet, instead of the usual 100 or 200 feet, if two additional dry cells are employed.—Scientific American.

SHE KNEW PAPA.

While visiting us, Althea was heard to use a slang expression which did not sound well in so small a child.

"Be careful, Althea," we told her. "Everybody that says anything like that around here has to put a penny in this little box." "Well," said Althea, "that's all right; but I'll bet if you tried that scheme on my papa, you'd get a lot of nickels."—Exchange.

No Reason at All.

Aunt Jane stopped for her four-year-old nephew, Robert, to take him home with her for a few days' visit. He was busy playing and did not wish to go with her but his mother was insistent. "But mother," he gave out his last argument forcibly, "I don't see why you want me to. There isn't a thing I need—is there?"

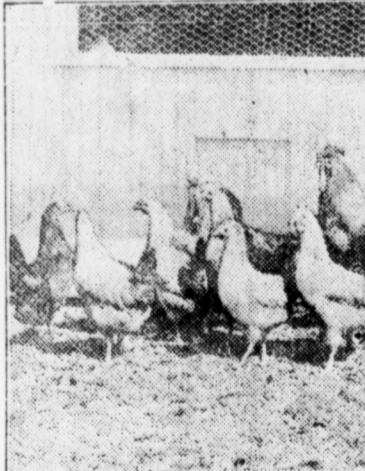

POULTRY

FOWLS FOR BACKYARD FLOCK

Not Necessary to Have Hens of Extra Good Standard Quality for Egg Production.

For the backyard flock, kept to produce eggs only, it is not necessary to have hens of extra good standard quality. What breeders of standard poultry call choice utility hens are as good as any for egg production, and cost but little more than ordinary mongrels. Hens of this grade in the medium-sized breeds are usually a little under standard weights, and have superficial faults—as unsoundness of color, or irregularity of markings or of the shape of the comb—which in no way affect their laying capacity, but make them unfit for exhibition and undesirable for breeding purposes.

When buying hens in person, particular attention should be given to

Good for Producing Eggs.

the general condition—whether the bird seems vigorous and lively—and to the appearance of the comb and the condition of the feet. Healthy hens have bright red combs and bright eyes, assert poultry specialists of the United States department of agriculture. A slight paleness of the comb is simply an indication that the hen is not laying at the time; but a bird whose comb has either a yellowish or a bluish cast should be rejected, for these are symptoms of internal disorders. The skin and scales of legs and toes should be smooth, and the soles of the feet soft and free from corns.

DUST BATH VERY ESSENTIAL

Best Results Cannot Be Expected if Hens Are Permitted to Become Overrun With Vermin.

If the best results are to be expected from the flock, the hens must not be allowed to become overrun with lice or the house with mites. Usually, there will be a place in the yard where the hens can dust themselves in the dry dirt. In the absence of such a place, a box about 2 feet square and containing ordinary road dust or fine dirt should be placed in the house.

A dust bath adds the hens in keeping lice in check and therefore adds to their comfort. If they are not able to keep them in check by dusting themselves, other measures can be taken.—United States Department of Agriculture.

SELECTING GOOD LAYERS

Keep as good layers:

1. Hens which have been the best layers during the past year should be kept over for breeders for next year.
2. Hens which have not started to molt.
3. Hens that have bright red combs and wattles and bright eyes.
4. Well spread pelvic bones, good depth from lay bones to keel bone and vent soft and pliable.
5. Pale shanks, beak and vent on all breeds which have yellow shanks and skin. Use all of the test to be sure you get the good layers.

SEXES SHOULD BE SEPARATED

As Soon as Young Males Begin to Crow They Should Be Fattened for Market.

The young stock should not be reared among a flock of old birds. They should be kept separate. As soon as the young males nag and worry the females (which is about the time they start to crow) the sexes should be separated, and the males fed an extra allowance of food. The cockerels can be mated to the hens without fear of bad effects from inbreeding.

FURNISH SHADE IN SUMMER

Chicks, Poults, Ducklings and Goslings Must Have Ample Shade During Hot Weather.

If the ground that the chicks, poults, ducklings and goslings range over during the summer is grass land browned by the heat of the sun and affording no tender green food, be sure that the youngsters have ample shade and one good feed of fresh, tender green food every day.

UNION COLLEGE NOTES

December 29th brought the opening of the winter term at U. C. All of the fall term students enjoyed the many pleasures of Christmas and are glad to be back. With the returning students are many new ones who have heard of the wonderful opportunities offered by Union and have come to prepare for the duties of life. They not only come from Knox County and different parts of Kentucky but from Ohio, Indiana, Illinois, Pennsylvania and Florida. The reason for this is that the training you get at Union is the best.

The Junior Class was more than glad to have Hugh Partin, Ancil and Henry Payne back.

Miss Pearl Parsons a student of last year is back to finish her High School work and is warmly greeted by her classmates, the Seniors.

Misses Thelma Morehead and Idamae Smith entertained at a New Year's Party in their room Saturday evening from 10 o'clock to 11:30 p. m. in honor of Miss Thelma Sloan. Miss Sloan was a member of the College Freshman Class last year.

Mr. Daugh Smith and sister, Miss Lillian Smith were called home Sunday because of the illness of their mother.

Mr. Cheslie Franklin spent the week end at Harlan, Ky.

Boys who have enjoyed plenty of room during the fall term are now living three in a room.

Everyone is invited to the Rhythmic Games in the Gym on Saturday nights to enjoy wholesome indoor sport.

Miss Flora Burroughs of the senior academy class, spent the vacation at Prosper, Ky., with Mrs. V. A. Haney, formerly Miss Elfrida Jasper Prof. Kenyon, of Asbury College, made us a short call last Friday morning.

The College Y. M. C. A. met Friday night for the first time since the holidays. The delegates to both the State and District Conferences, gave us an interesting talk on what the Y. M. C. A. is doing.

President Franklin has been called to New York to attend an educational meeting. He expects to be back the end of the week.

In the U. C. catalogue you will see that Miss Taylor is to teach penmanship, but, as Miss Taylor is so busy in the office, Miss Whittington will take that department the rest of the year.

The Cooking Class has not been meeting on account of no gas but now they are starting household administration so that they may get their credits.

Monday evening our boys' basketball team played Berea Methodist Church team in the Gym. In all but one respect it was the best game we have had this season, that is that we were beaten by the small margin of 36 to 33. The game was hard fought. Our team was not at its best having practiced only twice since the holidays.

The next basketball game will be with Knoxville High School in our Gym Saturday night.

The band is glad to welcome H. M. Oldfield back to his old place among musicians.

Mr. Vernon Faulkner, of Hazard, a former student, was a pleasant caller Wednesday.

Last Friday's chapel period brought to Union College one of the beautiful events of the year. The first surprise was the presence of Prof. Ahler on the platform. President Franklin told us he had a very delightful task to perform before the hour was over. He spoke feelingly of the beautiful relations between teacher and student that very often ripen into lifelong friendship, and said at least one member of the present faculty who has the power of personality to attract and hold in a permanent, loyal friendship the students who work with him. As an expression of such friendship the President then presented Prof. Ahler a beautiful gold saxophone as the gift of three of his pupils, Mr. Charles Owens, Mr. Virgil Metcalf and Mr. Baston Wyrick. Prof. Ahler was quite overcome with surprise but promised to play for us at an early date and Tuesday morning the treat came. The Holy City, played with fine expression and the Second Air with Variations by Thornton made up of all sorts of runs and rills and ripples that made his audience hold its breath and marvel at the skill of the performer. Mr. Ahler is a master of the saxophone, clarinet and violin. We are hoping that some time soon we shall have the pleasure of hearing him in a full program given on these instruments.

What is

MOTHER'S FRIEND

Simply and tersely stated, MOTHER'S FRIEND is just exactly what the name implies—a friend and help to mothers.

It has been made and sold for more than half a century. If it did not possess the value claimed for it, MOTHER'S FRIEND could not possibly have remained on the market. For only that which is really worth while and beneficial can survive.

The mothers who appreciate MOTHER'S FRIEND the most, and who are loudest in their praise of it, are those who unfortunately did not use it with their first baby, and who, through its use with the second one, were able to fully realize the relief it gave them.

DIDN'T EVEN NEED THE DOCTOR

"Dear Sirs: I am willing and anxious to tell any mother about MOTHER'S FRIEND. It did me so much good that I wouldn't be without it if it cost \$5.00 a bottle. With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I only had a nurse; we had no time to get a doctor because I wasn't very sick and only sick about ten or fifteen minutes. "Any mother can write me and I will only be too glad to give her advice. Yours truly,"

Health and Happiness for Women

Every woman seeks happiness as the thing to be most desired. Fortunately, the right to happiness is denied to no woman, regardless of her sphere in life. The first and foremost essential is good health. For, good health, strive after happiness as she may, it is beyond her reach. Will accept the advice of thousands of women, who have been benefited, take Dr. J. Bradfield's Female Regulator—a tonic for women and for their peculiar to their sex, which has been sold by drug stores for more than 40 years. Dr. J. Bradfield's Female Regulator is put up in \$1.00 bottles.

KING NEWS

Corb Melton, of Barbourville, and R. B. McNeil, of King, who are stationed at Camp Knox in the 81st Field Artillery, spent the holidays with home folks, returning January 1st, 1921.

Mrs. O. N. Prichard had a beautiful party and invited a number of women friends. All say they had a good time—especially at the dinner table.

Whooping cough seems to be in this community. John McNeil and Wm. Warfield have started in school at Union College.

Quite a number of youngsters attended the Christmas trees at Indian Creek and Swan Lake.

W. R. McNeil of Appleton, Minn. surprised the kiddies at home by sending them a box of nice candies at Christmas time.

Mrs. G. D. McNeil dressed a turkey and sent it by parcel post to her son, J. M. at Sault Ste. Marie, Ontario, Canada, for a New Year's gift.

ROAD FORK NEWS

The New Year started off very well with four weddings from this place.

Steve Hubbard and Lewis Garland are erecting a turning lathe and will soon engage in turning out chairs, tables and many other useful articles.

The people have been favored with some very nice weather and considerable moving has taken place.

Lawrence Eversole has opened up some new mines and says there will be no more scarcity of fuel.

Quite a number of boys from here are leaving to attend school.

Chester Payne has left to attend a business university at Knoxville, Tenn., where he will take a nine months course in bookkeeping.

Rev. James Hammons filled his regular appointment on Calles Creek Sunday.

Dry Farming.

Dry farming is a scientific farming of land where there is a limited or unfavorable distribution of rainfall. Irrigation is not practiced, the fertility and moisture of the soil being managed by a system of deep cultivation, rotation of crops and the growing in of green crops.

To Destroy Red Ants

Sogk a sponge in sweetened water, wring and place where the ants have easy access to it. They will swarm over it and through it. Drop the sponge in boiling water and repeat the operation until the colony becomes alarmed at the loss of its workers and abandons the town.

Guy L. Dickinson has bought from Ion Carroll an antique desk which he was carefully sandpapering Tuesday. This desk is an exact replica of one which is shown in a famous painting of the signing of the Declaration of Independence.

Messrs. Sherman and Cawn are to build a first class, \$100,000 theatre building in Corbin which will be one of the best of its kind in the State. Mr. Cawn says if the people of Barbourville would back the project with their patronage, they would also build here.

Sheriff Read P. Black and deputies Perry, Johnson and Helton went to Fount Saturday in search of the men alleged to be implicated in the shooting Sunday week, but altho the homes were thrown open and every kindness in the world was shown the officers, no trace of the men was found.

Last—A bar pin, black and gold, at the Star Theatre or between the Star Theatre and the Jones Hotel, Saturday night. Please return to Mrs. Archer, Jones Hotel, for reward.

A crowd went to Artemus Sunday evening and ate a turkey dinner with Mr. and Mrs. W. W. Lawson. Those present were Mrs. John Lawson and two daughters Edna and Nan, Herman Parker, Charles Bingham, Mrs. Alice Smith and Nimrod Detherage. They report a good time.

The pretty home of Roy DeLong on the Avenue is attracting favorable comment. It is built of Barbourville brick, than which there is none better. Mr. DeLong has reduced his fire risk tremendously by using brick, besides having a more valuable and warmer home.

J. H. Stanberry came in from Louisville Monday on business. He is now staying with his daughter, Mrs. H. B. Jones, of Louisville, but has to drop over once in a while to see old friends. Mr. Stanberry is running a coal yard and doing a fine business.

The reputation of the Mountain Advocate job printing department for classy as well as speedy printing has been responsible for a big increase in our business. If your friends need printing done, please tell them the Advocate does it.

Rev. John O. Gross, of East Bridgewater, Mass., has sent us his subscription for the Mountain Advocate so that he may keep in touch with the work of the Methodist Episcopal Church and the city. Mr. Gross will shortly assume the pastorate of the church which is doing splendid work under the fostering care of Dr. E. T. Franklin, temporary pastor.

T. J. Moore, the hustling, rustling salesman for the Baird Dry Goods Co., Jellico, Tenn., has stepped forth to conquer new trade worlds. Last year he did a record business. Faced today with depression, he had only optimism in his mind and insists that with the depleted jobbers stocks manufacturers will be compelled to get busy to supply ordinary needs alone. He says prices have reached the low level in his line of dry goods and notions. They will be found most satisfactory to the trade.

The Barbourville Brick Co. plant, which has closed down, will probably not be opened again until April 1st. This plant turns loose a large sum of money monthly when in operation. It makes an excellent brick which should be more largely used in the construction of our homes. Brick houses are warmer than wood houses during the winter months, they are infinitely more durable and the fire risk is much smaller. Further, they give an appearance of permanency to a town which attracts citizens from other towns. Use more brick in home building.

TUESDAY CLUB

The annual mid-winter social meeting of the Tuesday Club was held by Mrs. W. B. Minton on December 28th.

All business and literary work was dispensed with and everyone joined in for a genuinely social afternoon together. First the hostess had a musical treat in store. Miss Carr rendered a charming Chopin Waltz and also a Polish National Dance.

Then Mrs. W. H. Buck delighted the Club with her wonderful execution and interpretation of the Spinning Song, a transcription from the Flying Dutchman, and also a waltz from Chopin. All the numbers were greatly enjoyed.

The seventeen members present had contributed seventeen gifts and the hostess had so arranged that each one was presented with a little surprise package. For a little time the Club could easily have been classed with a crowd of children eagerly opening their packages at a Christmas tree.

Mrs. Minton, assisted by her two little daughters and Mrs. Byrman who presided at the tea table, served a most delightful salad course.

The next regular meeting of the Club will be on January 11 with Mrs. F. D. Sampson.

CANNON NEWS
W. R. McWilliams left here Friday for Oklahoma where he will teach school.

Mrs. Cora Whitfield of Bowling, is visiting her father, John McWilliams.

Rix Alder, of Cedar Bluff, Va., has been visiting his parents, Mr. and Mrs. P. M. Alder during vacation.

Misses Mamie and Pearl Ridner and Mrs. Cora Whitfield attended the funeral of Mrs. George Hammon Friday evening at Girdler.

D. H. Ridner has returned to his work at Harlan after a pleasant vacation at home.

Miss Lucy Martin started in at Union College Tuesday. We wish her success.

Miss Marylee and Genetta Alder were the guests of Miss Pearl Ridner Sunday and Monday.

There was a family reunion at the home of D. H. Ridner with the following present: Mr. and Mrs. J. S. Patterson, Mr. and Mrs. Garrard Patterson, of Hi-Land Park, Bob Ridner and son of Glen, Va., and Mrs. Murphy of Barbourville. They had a fine time and were served delicious punch and cake.

Misses Pearl and Maggie Ridner returned to U. C. Monday after a delightful vacation.

GRAY SAMARITANS RESCUING CHILDREN

The Young Women's Christian Association of the United States are keenly interested in the movement for the relief of the 3,500,000 starving children of Europe because a group of their members, the Polish Gray Samaritans, have been in charge of distributing food to children in Poland. They have been serving under the American Relief Administration and have conducted food kitchens and distributing stations in all parts of Poland outside Warsaw.

In all the relief work being done in Europe, that of the Polish Grays has been unique because all the girls, though sent from America, were either born in Poland or are of Polish parentage. When the need for social service in their country became acute many girls of Polish descent answered the call of the Young Women's Christian Association for overseas service and enlisted in the preliminary training course that was given in several cities of the United States. From this group thirty girls were chosen and sent to Poland where, since 1918, they have been caring for the children of the country. The distribution of clothing has taken them into all parts of Poland.

They are now spending their entire time in arranging for the feeding of children this winter. Groups of them travel to strategic centers in outlying districts where they set up distributing stations, receive supplies, prepare meals, arrange for impartial distribution and train helpers to continue the work when they are sent on to the next town.

**COLUMBUS KNIGHTS
AID CHILD APPEAL**

James A. Flaherty, of Philadelphia, supreme knight of the Knights of Columbus, declared that the K. of C., in response to an appeal from Herbert Hoover, chairman of the European Relief Council, had decided to take an exception in their policy of refraining from any national campaign for funds for relief or charitable work.

"The need of the starving and sick children of Europe is so urgent," Mr. Flaherty said, "that the Knights of Columbus feel it duty bound to devote themselves to the common task of raising funds for the relief of these children. An organization it is our intention to conduct no distinct K. of C. drive for funds, although members of the organization are frequent contributors to all charitable drives. But in this case we feel that the emergency calls for the united efforts of all Americans and we consider it a privilege to have partnership in this great work of mercy."

**"IS WONDERFUL"
SAYS OHIO WOMAN**
Tanlac Did Miss Siegworth So Much Good She Now Sends It To Relatives In England
"It is just wonderful how quickly Tanlac works in building up one all run down and suffering as I was," said Miss Anna Siegworth, R. F. D. No. 32, Barberton, Ohio.
"Nervous indigestion had almost made a wreck of me before I really knew it, and I was in a bad condition when I began taking Tanlac. Most of the troubles that go with a bad stomach attacked me and made me miserable. I had but little desire any time for food, and frequently would turn so sick at the table I would have to leave it.
"What little I ate caused trouble in my stomach and hurt me all over. Sometimes I felt like I was loaded down with lead, and had such bad smothering spells I'd have to gasp for my breath. I tried lots of medicines and just kept on going from bad to worse.
"Finally mother prevailed on me to take Tanlac, and very soon all my troubles were over. It proved to be the very medicine I needed, and helped me right from the start. I've finished my fifth bottle now, have gained eleven pounds of my lost weight, and feel even better than when I was sixteen.
"Tanlac is a grand medicine and I'm glad to tell others what it has done for me. I've just bought two bottles to send to relatives in England."
Tanlac is sold in Barbourville by the Cut-Rate-Drug Co.; in Artemus by J. G. Haskin and in Perman by N. J. Faulkner & Co. —Advt.

POULTRY CACKLES

SURE EGGS ARE FRESH

Generally Employed by Commission Merchants for Purpose Is Known as "Candling."

When candling a fancy trade with eggs, or a candling eggs from outside sources, it is often desirable to determine their freshness. The method generally used by commission merchants for this purpose is known as "candling." This consists in holding the egg before the eye and a light so as to see the contents. This should be done in a darkened room, using one of the egg testers on the market or a simple home-made tester.

The air space in a perfectly fresh egg is very small, and as the egg loses part of its contents by evaporation this air space increases in size with the use of the egg. Fresh eggs should appear clear and bright, showing no dark spots. Those accustomed to "candling" soon learn to detect stale eggs with a good degree of accuracy and rapidity.

Another method employed by some who have not a great number to test is to put the egg in a basin of water. If good they will be on their sides; if bad they will stand on the small ends. The older the egg the more upright it stands, and if very old it will be suspended in the water or even float on the surface.

TURKEYS EAT GRASSHOPPERS

Fowls Take Bulk of Their Food From Field Insects, Devouring Millions of Bugs.

Turkeys range far afield and prey upon insect forms that escape hens. From the time the young are old enough to begin foraging for themselves, perhaps early in June, until near frost, turkeys take the bulk of their food from field insects, devouring millions of grasshoppers and other injurious forms in meadow and pasture, says the United States department of agriculture.

In regions where wooded areas are still fairly extensive mast is an important item in the diet of the turkey. When the insect stores begin to fail,

Turkeys Must Have Free Range to Thrive.

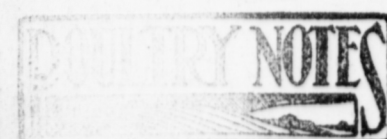

the most larders are beginning to be filled. Weeding on acorns, chestnuts, beechnuts, and the like, turkeys will go a long way toward fattening themselves for the Thanksgiving or Christmas market and will not require much feeding of corn or other grain to finish them. Generally speaking, turkeys will require a larger feeding of grain than chickens to fit them for market, but, as they utilize forms of waste that hens and their broods would not reach, the keeping of a fair number of turkeys is good economy.

BEST BROILERS FOR MARKET

Squabs Should Weigh When Dressed From Three-Fourths to One Pound Each.

The market demand is for broilers of three sizes, small broilers weighing, when dressed, from three-fourths to one pound each; small broilers weighing from one to one and one-fourth pounds each; and large broilers weighing from one and one-half to two pounds each.

At the age of six months the increased weight is slight and the quality poorer. At the age of the cockerel increases about 12 weeks the quality decreases materially.

Always look to keep cost of eggs high.

There is no room for poor birds on the market.

Heat is the great enemy of eggs, both fertile and infertile.

Of the infectious diseases of turkeys, blackhead is the most destructive.

Mites multiply more rapidly in warm weather so that war should be made on these pests.

Be sure that the early hatched pullets on which you are depending for winter eggs are making steady growth.

When we consider the fact that the chick is the size of so many birds we may be impressed with the importance of a good male bird.

STRIKE LASTED SIX YEARS

Railroad Walkout That Began in 1914 Has Only Recently Been Officially Called Off.

Here is a railroad strike that ran through a world war; stood complacently by while almost the entire complexion of the eastern hemisphere underwent changes, and might still be running had not the strike committee suddenly thought of it, and decided it officially over. Another strange thing about the strike is that no one knew anything about it until it was over.

The strike began March 18, 1914, when 750 freight trainmen laid down their brake sticks in the various terminals of the Monongahela division of the Pennsylvania railroad, declaring for improved working conditions and protesting the reduction of train crew.

"It was an outlaw strike," said an official of the Pennsylvania railroad, "and was ended by the railroad brotherhoods two weeks after its inception." The strike might have been ended, but the strike committee never declared it officially off until at a meeting the other night.

Most of the men, it is understood, who went out, returned to work years ago.

Light of the Spade in History.

At Segontium was established the last Roman fort, at the terminus of the military road in North Wales. It is this Roman fort which British archeologists now propose to excavate if the sufficient sum of \$10,000 can be raised to defray the expenses of the work.

There are few more obscure periods in the history of Wales than that of the Roman occupation, and it is not to be expected that much light will be thrown upon it by literary records. But the spade may give us what we seek in vain from the written or printed page, and excavation has already yielded valuable results from Caerwent, Gelligafer, Castell Colleen and Caersŷs. So far, however, nothing has been done in the northwest corner of the principality, that region of Gwynedd which occupies so large a space in the history of medieval Wales. The proposed excavation of Segontium may enable this gap to be filled with accurate if not extensive information.

Claims Honors of Columbus.

And now old sea-tanned, weather-scoured John Scolve lumbers out of the grave he has occupied for some 400 years to start a Cook-Pearry controversy with the late Christopher Columbus. Through his present-day spokesman, Dr. Sefus Larsen, librarian of the University of Copenhagen, old John, a Dane-Norwegian navigator, claims he beat Columbus to America by 16 years. In a recent publication Doctor Larsen, claims Scolve sailed by way of Greenland and Iceland and landed on the mainland of Labrador in 1476. Doctor Larsen's work has been translated by J. Christian Bay, head of the medical reference section of the John Crerar library, Chicago, who says he believes Scolve's claim is authentically established.

RENEWED TESTIMONY

No one in Barbourville who suffers backache, headache, or distressing urinary ills can afford to ignore this Williamsburg man's twice told story. It is confirmed testimony that no resident of this locality can doubt.

J. W. Tuggle, Ex-Deputy sheriff, Main St., Williamsburg, Ky., says:—"I had a dull aching pain in the small of my back and thru my loins, which gave me considerable trouble. The kidney secretions were unnatural and at times too frequent in passage and then again scanty. I concluded to try Doan's Kidney Pills, and got a box. I was not disappointed in the results. They quickly drove away the pains and aches and put my kidneys in good order."

Over three years later, Mr. Tuggle said:—"Doan's Kidney Pills relieved me of a bad case of kidney trouble a few years ago. I have had very little occasion to use a kidney medicine since. I am always glad to recommend Doan's."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tuggle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

An Airplane Dived in West Virginia

The airplane diving around in the air over this town Tuesday caused consternation among our gang of guineas. The best we could gather from our understanding of guinea parlance, they thought a big hawk was after them. Frolie, our bulldog, reared his head back and tried to jump over the trees in an effort to catch the monster. The best we could understand dog Latin he thought it was an angel coming in disguise and he knew he had no business lighting around a printing office. And as for myself, we really thought when he was flying so low and headed direct for our residence he was fixing to let us down a jug of good old yaller corn just in order to put us next to the system. At any rate, we all enjoyed the exhibition.—Huntington News.

Unfortunate Louvain.

The city of Louvain, Belgium, has been called the "Oxford of the Low Countries." It has been said that the city's chief product once was theology, and that it had a tremendous effort upon philosophy and religious thought.

The Louvain library once contained some 70,000 volumes and about 500 manuscripts, and was attached to the University of Louvain, founded in 1426. Before the world war the university had 2,000 students, but the enrollment exceeded 6,000 in the sixteenth century, says a bulletin of the National Geographic society.

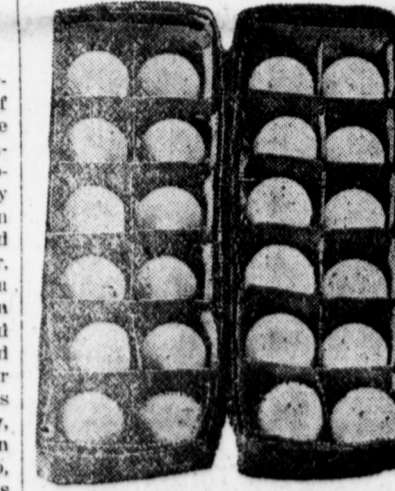

PROFITS IN POULTRY FLOCK

Farmer Should Be Careful to Gather Eggs Regularly and Market Them Promptly.

The marketing of the product, particularly eggs, has an important bearing on the profits of the flock. Under most conditions it is impossible for the farmer to seek a special market for his eggs, but he should be very careful to see that the eggs are gathered regularly and frequently and promptly taken to market. Failure to do this is responsible for the spoiling of a great many eggs.

When the methods of buying are such that payment is made for good eggs only, a plan which is becoming more widespread and bids fair to be compulsory in most states, the farmer will suffer a decided money loss if he

does not make it his business to see that all the eggs delivered are fresh and marketable at full value.

One of the greatest causes of spoiled eggs during the hot summer season is the development of chick embryos in fertile eggs, poultry specialists of the United States department of agriculture say. This loss is preventable simply by producing infertile eggs. All that is needed to accomplish this is to separate the male birds from the females as soon as the breeding season is over. All the eggs sold will then be infertile and incapable of embryo development.

An Actual Lottery.

Marriage lotteries are still in vogue during October in some parts of India. The names of both sexes eligible for marriage are written on slips of paper and put into separate earthenware jars. The local wise man draws one of each kind and the youth whose name is drawn obtains a letter of introduction to the young woman whose name accompanies his, after which the courting commences.

The Answer Is Found In The Straightforward Statement of a Williamsburg Resident

We have been reading week after week in the local press of Barbourville citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well-known and respected resident of Williamsburg will set this doubt at rest.

L. E. Martin, plumber, River St., Williamsburg, Ky., says: "My kidneys were too free and then acted irregularly. I suffered from a soreness and dull ache across my back. I used Doan's Kidney Pills, and they relieved the ache in my back and regulated my kidneys."

SHELBY CHADWELL BURNED TO DEATH

Shelby Chadwell, the fifteen year old son of Mr. and Mrs. Jerry Chadwell of Girdler, was burned to death January 11th, at 11 o'clock. Death was due to the bursting of the mill boiler belonging to Butler Shelly on the Henry Stacy farm. The boy was busy working the mill when the explosion occurred. He lived about twelve hours after the accident.

The remains were interred in the Zack Carty graveyard, the funeral service being conducted by Rev. W. N. Epperson. The sympathy of the entire community is with the bereaved family in the hour of their trial.

UNION COLLEGE NOTES

Every Tuesday begins a new week and January 10th began the third. Everything is going in fine shape especially the measles. Several in both dormitories are confined to their rooms with this malady.

Miss Hattie Minter, an academic student, is at present in Dr. Logan's Sanitarium where she is recovering as rapidly as possible from an operation for appendicitis.

Miss Bess Elrod was surprised by a visit from her mother last Friday. Bess has quite recovered from her recent attack of tonsillitis and spent the week end with her mother in Corbin.

Miss Jane Keith, who has been very ill for the past week, was taken on Sunday to her home in Manchester where she can receive constant attention from her father who is a physician. Jane is our class president; she always has a smile and a joke for everybody and there is a "loud lonesome" in our midst since she left. We hope for her speedy recovery to health and return to us.

Miss Love Morris returned to her work last Thursday after several days of illness.

Altho Mr. Trosper, our athletic instructor, was away Saturday night the indoor rhythmic games were held in the gymnasium as usual with Prof. Humfleet in charge. There was a swift basket ball game between the College and Junior Academy Class with a score for the Juniors of 13 to 4.

Everyone at the College seems to be enjoying the swimming pool, unusually nowadays. On Monday both the pool and the basket ball floor were in use nearly all day.

The business men of the town are finding a great deal of pleasure in their training class in Union's new gym.

A basket ball team composed of young men of the town who have been practicing on U. C.'s floor, played an interesting game at La Follette, Tenn., last Saturday winning with a score of 27 to 19.

Prof. Ahler played his new saxophone with the orchestra in Pineville Monday evening.

The literary societies met Saturday at the usual time. The Utopians gave their regular program and the Delphians had a parliamentary drill given by their president, James Blair.

Last Friday morning we welcomed our Board of Education to our chapel platform. On such occasions we always expect a jolly speech from each of our honored guests but this time Dr. Johnson of the Centenary movement gave the talk of the hour. He emphasized preparedness for living setting forth clearly the difference between the faith of presumption and the faith of venture. Dr. Johnson was an inspiration to us all.

They will study while there the best cheap priced car on the market, which they have practically decided upon but which they do not desire to announce at this time as they wish to give the patrons of their garage a nice surprise in this car. As a hint they have stated that the car they are going to bring outlasts everything at the price in the New York Auto Show, the largest Auto Show in the world which ends this week.

They hope to have these cars here on display at their coming opening which will probably be March 1st, 1921, at which time they expect to open their new building and shops to the public for inspection and get their manager and mechanics introduced to the auto owners of the city. They expect to have a very elaborate opening and have engaged the services of an orchestra for that date for special music. Other entertainments will be given.

THE GREEN GAMBRELL CASE

Considerable interest has been aroused during the week over the trial of Green Gambrell for the killing of his father-in-law, Jim Phillips two weeks ago.

The case was called Monday morning and all that day was spent in panelling a jury. Tuesday morning the District Attorney, after the statement of the case, produced witnesses for the prosecution, the main ones being Effie Riley, Betty Smith and a little ten year old boy who were at or near the house when the shooting took place.

Dr. John G. Tye was called as expert evidence as to the nature of the wounds which caused Jim Phillips' death. Several other witnesses were called, among them a son of the deceased who recounted what transpired at the Phillips house prior to the shooting. Others were called to testify to the character of the defendant.

The testimony of the first three witnesses was to the effect that Jim Phillips and Green Gambrell were seen together when still about one hundred yards from the house. It was said Phillips appeared to be leaning upon Gambrell but the little boy was very emphatic in saying that Jim Phillips had Green Gambrell by the collar. Phillips stopped at the gate and Gambrell went on in to the house in search of his wife who had preceded them to the Riley home. Phillips, who apparently had been drinking, had his pistol in his hand but put it in his pocket at the suggestion of Betty Smith.

Gambrell had gone thru the house and up on the mountain at the back of the house in search of his wife. He returned to the gate and asked Phillips "Is come into a good man's house where there was a good fire." Phillips, it is alleged, at sight of Gambrell pulled his gun but followed him on into the house and asked for a comb. While Betty Smith went to find a comb a struggle for possession of the gun started and Gambrell it is alleged wrenched the gun away from Phillips and struck him over the head with the butt when the shot which ended Phillips' life was fired.

Effie Riley, the only eye witness, stated that Gambrell put the gun to Jim's neck and fired. Medical testimony was to the effect that Phillips was shot thru the neck and back of the head, the bullet entering the left side of the neck, ranging upward and coming out back of the right ear.

Sawyer Smith, attorney for the defence, asked for an adjournment until Wednesday morning which was granted.

Wednesday morning the defendant was placed upon the stand in his own defense. He told of some differences and disagreements he had had with deceased and then described the events of the day prior to the shooting. It appears that Jim Phillips had sent for Gambrell and his wife to come and visit them. On the morning of the day in question he and his father-in-law took Green's suitcase and went after some moonshine. They obtained two and one quarter gallons and returned to the house and drank half a quart of the liquor between them. According to Gambrell's statement Phillips was becoming angry so he took Phillips' shot gun out and put it behind the corner of the barn. Phillips' son had started out. Jim followed him, already testified that he had taken it from this spot and hidden it in another place. Gambrell said he was becoming afraid of Phillips so decided to go on down to Riley's and caught up with him and marched him down to the Riley gate. From this point onwards his testimony was the same as that of Effie Riley, Betty Smith and the little Riley boy up to the time the struggle com-

mened. In describing this part of the affray, Gambrell stated that he saw the gun was loaded and cocked and that Jim Phillips gritted his teeth. At this point Gambrell grabbed the gun from Jim and struck him on the head with the butt. When he attempted to strike Jim on the head the second time he ducked and the butt of the pistol struck him on the shoulder and discharged. At this point the testimony of the defendant and the Riley children differs. Gambrell states that Jim did not fall immediately, but still struggled for the gun and a second shot was fired and went wild. The witnesses for prosecution stated that Jim fell immediately after the shot. Gambrell also testified that he gave himself up to the authorities the following day.

Only one other witness was called by the defense. This was a boy who is at present in the Union College. He stated he had some months previously he would kill Green Gambrell if he ever came to his home. Sawyer Smith in a brief statement for the defense showed that the defendant was in fear of his life and had taken the gun from him and had made no attempt to kill him.

Judge B. B. Golden, District Attorney who presided over the case, in addressing the jury in his able manner, said it was a test of the jury's ability and the time of the outburst and bloodshed in Knox County. The case went to the jury.

The case went to the jury Wednesday afternoon. The jury was hung with no verdict.

The Union College Varsity Squads both boys and girls, journeyed to Richmond Saturday afternoon when they met their opponents in a basket ball game. The girls game was fast and exciting from the very beginning, but the Union girls soon proved to be superior to their opponents. When the game ended the score stood 15 to 7 in favor of the Union five. Union's girls showed excellent team work as to their passing and ability to handle the ball.

The next game was that of the boys. Both teams started off at full speed, and the first half ended with a score of 13 to 8 in favor of the Union five. Then in the second half Union came back harder than ever, and with a determination which lasted through the game, caging 24 points and making the entire game's score 37 to 13 in favor of Union. Both of Union's teams were complimented, time and again for their excellent teamwork and style of playing thruout the evening.

Under the present law, booze can be carried into the Court House and sold and an officer dare not search the suspect altho he may be morally certain he is carrying booze. For fear of a damage suit he has to pass up the offense.

Mrs. Creasy Philpott, who lives with her son, Dan Philpott beyond Ballinger, on Sunday celebrated her seventy-fifth birthday. All the family with the exception of one son were present and he was not able to be present on account of the illness of his little girl. Guests were Mr. and Mrs. Wagers, Mr. and Mrs. Joe Newman and numerous grandchildren.

Ben Collingsworth and Bailey Cook, of Artemus, were here Monday and Tuesday. They were getting out coal for Mrs. Elizabeth Collingsworth. They have been partners for some years and Bailey Cook has been a dinner guest Christmas Day at the Collingsworth table for the past four years and will continue to do so until he succumbs to the call of the fair.

We were informed Monday of the probable advent of one of a chain of grocery stores which carries large advertising. The head of this firm has been watching the local advertising columns of the Mountain Advocate and has found grocery advertising does not exist. He has thus been led to the conclusion that Barbourville offers a live field for a progressive, advertising grocery firm and will probably place a chain store here.

Merchants report an encouraging inclination to buy once more. This will mean, should the tendency be general, the opening of factories over the country and the resumption of more normal conditions. Let us be thrifty and stay thrifty by all means, where it is good sense to be thrifty where it is good sense to be so, but let us help the general movement to create a demand for essentials by no longer denying ourselves the things we really need.

Dr. A. L. Parker, who is equipped to find the seat of trouble in the roots of teeth with his X-ray machine, will, if desired, extract teeth under gas.

Fallen Asleep

On January 12th at 9:30 A. M. Mrs. Fielding Gibson, at Artemus, Ky., passed into the beyond where she is now enjoying the rewards promised to all the faithful. In her death the husband has lost a good wife, the children a good mother, the church a faithful member. Our loss is her gain. The funeral service was held at the Christian Church in Artemus and the remains laid to rest in the Barbourville Cemetery. Brother Gibson extends his heart felt thanks to the many friends for their kindness in his trying hour. Contributed.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

A CORRECTION

Garrich, Ky. Jan. 17, 1921.
Editor Mountain Advocate:—
In edition of Jan. 14th, under the column of "Emanuel News" the following "C. C. Chesnut, of Garrich, and Miss Ida Brown, of Grays Knob, were married at the home of the bride last week" appeared.
I beg to assure you this is an incorrect statement, and beg you to correct same in next edition.
Thanking you in advance, I am,
Yours very truly,
C. C. CHESTNUT.

TUESDAY CLUB

The Tuesday Club held its meeting on January 11th with Mrs. F. D. Sampson in her attractive apartments in the Parker Building with most of the members present. After a prolonged business session Mrs. W. B. Minton took charge of the literary meeting the general subject being "Women's Use of Suffrage." Mrs. S. A. Smith presented a paper on "Did Women Avail Themselves of the Vote?" Mrs. H. M. Oldfield's paper was "What Do the Women Want Next?" Mrs. Minton gave concise biographies of several women who are leaders in women's movements. Many interesting facts were brought out in the roll call which was responded to with items along the subject of the day.

Dainty refreshments were served by the hostess assisted by her visiting daughter, Mrs. R. E. Garrish and Miss Jewel Tye.

The next meeting will be at the home of Mrs. W. S. Hudson on Knox Street with Mrs. Ed Faulkner as leader of the literary session.

Jack Brock, who has been working for J. G. Hays, left Monday for Harlan.

Valuable Discovery.

A California chemist is said to have discovered a process by which platinum is extracted from the ore which also yields gold and silver. The result is that one company which formerly worked the material for gold and silver alone, recovering \$40 a ton of material, is now getting \$2,400 a ton in gold, silver and platinum.

Mary Magdalene.

It is a fairly general opinion that Mary Magdalene derived her name from the town of Magdala, to which she belonged. Some scholars think that they have found her name in an old Hebrew root, and from that derivation they call her Mary of the embittered hair. Nobody really knows why she was called Magdalene; but she is described in the Gospels as that woman out of whom Jesus Christ cast seven devils. There is no scriptural reason for identifying her with a woman of light character.
